

urban legend

Paris may be place to romance a woman. London may be the place to entertain her. But when it comes to seduction, there's no place like New York. All you need is an imaginative itinerary and a fragrance she'll never forget

Oscar Wilde reckoned that the only way to get rid of temptation was to yield to it. And where better to do that than in the world's sexiest city, New York. It's a place that has everything – from some of the world's greatest art and architecture to the best food, hippest bars and hottest clubs. All you need is the right woman and the scene is set for the ultimate seduction. And no fragrance captures the headiness, excitement and sheer sexiness of the Big Apple than 212 Sexy Men, the new fragrance by queen of NY chic, Carolina Herrera. Masculine and magnetic, 212 Sexy Men mixes notes of fresh mandarin, cardamom, vanilla and musk in a unique combination of energetic freshness and sensual warmth. And with the vast majority of women saying they find fragrance a turn on, there's no better companion if you're in the city of seduction.
