

URBAN LEGENDS

SURVIVE THE CITY AND LOOK GREAT 24/7 WITH TONI&GUY'S NEW GROOMING RANGE FOR MEN

HAIR BY TIM AVORY AND LUCY REED, TONI&GUY GUILDFORD

You know what they say; you can always tell how good a night out you've had by how rough you look the following morning. But wouldn't it be nice, just for once, to wake up looking – and feeling – as good as when you went out? Well, with the help of Toni&Guy's new Men Only range now you can. Designed to tackle the grooming challenges of modern urban living (daily grime, smoky bars, picky girlfriends), the eight high performance products are a cinch to use and are guaranteed to keep your hair and skin looking tip-top, twenty-four hours a day. The invigorating Dual Action Wash and Fresh Face Scrub are the perfect way to prepare for a night on the tiles (or recover from it); the Matt Moisture Lotion will keep your mug shine-free into the early hours and the Clean Detox Shampoo is ideal for removing pollution, grime and unsightly product build-up. And as you might expect from Toni&Guy – official haircare sponsors of London Fashion Week and a company renowned for its über-cool haircuts – the range's three styling essentials (there's a wax, matt paste and gel) are perfect for creating long-lasting, edgy styles. Sadly, there's not much we can do about the picky girlfriend bit, but for all your grooming worries there's Toni&Guy. Isn't it time you upgraded your routine?

The Toni&Guy Men Only range is exclusively available at larger Boots. For more information go to www.boots.com
