

PROCEED WITH STEALTH

Gillette's new Fusion grooming range is for your eyes only

The best grooming routine is the one invisible to all but the keenest trained eye. The new Gillette Fusion Stealth range brings it straight to you - strictly on a need-to-know basis, of course. The Fusion Power Stealth Razor is so advanced you'll barely notice the blades on your skin, particularly if you prep with Fusion HydraGel Stealth. The razor's soothing micropulses help reduce friction and increase razor glide. And only those with the highest security clearance will notice the unscented formula behind Stealth 3x Protection Anti perspirant Deodorant. The whole range is designed for undetectably brilliant results.
