

Leave room for pudding

Make a meal of Müllerlight® – they look naughtier than they actually are

Strictly speaking, it's not finger food, but when you've tried the brand new Cherry Bakewell Tart flavoured yogurt from Müllerlight, you won't be able to help diving in either. And then you'll no doubt want to get your fingers in a few pies as well – Apple Pies. What about some Lemon Cheesecake or Rhubarb Crumble to finish off? When puddings are this low in fat and calories, you can scoff the lot and not feel bad about it.

The new Müllerlight® yogurts are available in five delicious flavours: Strawberry Cheesecake, Lemon Cheesecake, Apple Pie, Rhubarb Crumble and now new Cherry Bakewell Tart.
